**Participant Guidelines:**

- There is **no set up fee** for your participation and we **will not require a percentage of your cheese sales**. Our goal is to introduce your wonderful product to Billings Farm & Museum visitors.
- **Participants are required to carry liability insurance coverage**, producing original certificates of insurance, signed by an authorized individual.
- **Display your cheese and provide a representative** to engage visitors, provide samples, and sell your product.
- **We will provide a 6' table and two chairs** for your display. You are responsible for the table covering, display items, and product. There is adequate overhead lighting; access to electrical outlets is limited.
- **Arrive before 9:30 a.m. on May 29 & 30** and plan to man your table from 10:00 a.m. – 5:00 p.m. each day.
- When you confirm, additional information will be provided regarding drop off and pick up of your product and vehicle parking.
- Although we love animals, pets (with the exception of service animals) are not allowed on the Farm & Museum site.
